### Technical Inspection

It is imperative that you have a track-ready and safe care to drive at our event. Driving a car that is not ready puts you and others at risk of injury or death. We require that you thoroughly inspect your car for at least the following items and ensure all items are ready to go.

#### Please check all items in compliance:

#### Engine Compartment

- All fluid levels OK
- No fluid leaks
- Radiator, hoses, cap in good condition
- All belts in good condition
- Throttle linkage: no sticking/slop
- Battery securely fastened

#### Steering

- No play in steering wheel
- Vehicle is properly aligned
- All suspension components free of damage

#### Wheels and Tires

- All lug nuts present and properly torqued
- Wheel center caps removed
- Tires free of damage and in good condition

#### Convertibles

- Roll bar provided
- "Broom Stick Test" Passed

#### Brakes

- Brake pads at least 60% remaining
- Brake fluid level at full mark
- Brakes have been bled as needed
- No brake fluid leaks in system
- Firm brake pedal action

#### Vehicle Safety

- No loose items on exterior of car
- All loose objects remove including floor mats
- All brake lights and marker lamps working
- Mirrors: Left hand exterior and interior required
- Windshield free of large cracks

#### Personal Safety

- Seat belts or harness in good condition
- Harness' installed properly
- Long sleeve cotton shirts and pants
- Helmet SA2005 or newer
- Helmet in good condition

This form must be completed and all items marked as working properly. Following inspection, a tech sticker will be attached on your windshield by our staff. **Cars will not be permitted on the track without this tech sticker visible on the windshield.**

*I have inspected the above vehicle and agree to take full responsibility for it's condition and readiness for the track. I also agree that any damage to the track facilitates by my car, used fire extinguisher, absorbents, etc. will be my responsibility with payment made to Tracks Unlimited, LLC.*
