9 sec ago. \$Real\$ Among us hack iOS without verification 2021 that work free skins generator - When you are a goalkeeper in a game, your goal is to keep the Among us free skins hack at all costs. You can use a power up to strengthen your defense, or the best tip is to watch the ball carefully and tap it in the same direction as it moves; not too fast or too slow. When the Among us free skins generator is ready, timing is important. We recommend keeping a close eye on the ball and tapping at the right time and place. Learn about character statistics in Among us Your character has four attributes to define its power;
Strength - maximum speed or how hard you play
Accuracy – the higher the accuracy, the more accurate the shot
Curve maximum sphere curve
Defense - the defensive area of a player; the higher the better
Agility the speed of jumping and moving

Both forwards and goalkeepers can use power in among us mod menu. You can equip up to three power supplies. On the left side of the screen, click the "power on" button to "forward and goalkeeper"; click "power on" to check its function. Be sure to use it wisely. You can upgrade the power supply and improve its efficiency.
