

Green Room
Ms. Cindy & Ms. Racheal

Hello Green Room Families!

This month the children are learning that *Spring is in the Air!* We will start our journey into spring by learning about *Plants*. The children will learn the different parts of plants and how to plant our own plants. The children will also explore the wonders of Rainbows with Fruit Loops! The children will be learning about *St. Patrick's Day* and make Leprechaun puppets. The children will also be learning about *Kites* and be making kites and seeing how they work. We will also explore the life of *Ladybugs* by making coffee filter ladybugs.

During the second week, we will be talking about **Weather** from hot to cold and in between. We will start with **Windy** and painting a cherry blossom. We will then talk about some fun activities to do during a **Snowy day** such as jumping into a pile of snow. Then we will leap into talking about **Rainy days** and do a fun science experiment about Spring shower. Up next, we will talk about Sunny days spent on a sandy beach. We will end the week talking about **Tornadoes** and creating our own Tornado in a bottle to take home.

For the last week of this month, we will jump into the life of *Farm Animals*. The children will be learning about *Pigs* and making masks of farm animals. We will explore the life of a *Horse* on the farm and how the farmer cleans the horse's manes. The children can see how the *Cow* lives on the farm by making marble painting cows. The *Sheep* is the next we will dive into by making a cotton ball sheep.

Reminder:
Spring Break:
March 18-22

Character Trait: **LEADER**

I try to make good choices and set a good example for others

I help my friends understand each other

I try to end arguments

I think of answers to problems that are good for everyone
