

2020 Accessory Source Catalogue

QUALITY MATTERS

The year 2020 has brought unprecedented challenges to all aspects of life. Nevertheless, we strongly believe that this will eventually lead to an increase in overall efficiency and to a more quality and value oriented perspective for consumers.

Therefore, 20/20 Accessory Source will continue to stand for what it always has: up to date optical accessories that match the highest quality standards in the industry with a focus on excellent customer service and support.

We carry both premium and value product lines. Our competitive pricing and exclusive products make it easy for you to consume and resell these products with confidence.

At shop2020as.com we provide easy to use B2B online ordering for your convenience. In most cases, overnight shipping is included at no additional cost.

Consumers in the 21st century have become more aware of modern aesthetics and quality standards. As a team 20/20 Accessory Source incorporates these values through experience, innovation and the strong belief that quality matters.

Thank you for being a valued customer.

EYEGLASS CLEANING SUPPLIES | LENS CLEANING CLOTHS

EYEGLASS CLEANING SUPPLIES | LENS CLEANING CLOTHS

ULTRA SOLID

High-tech lens cleaning cloth composed of 70% polyester and 30% nylon, knit with ultra fine micro fibers using the most advanced technology. This cloth cleans all types of lenses and coatings, with or without a liquid cleaner. To rejuvenate the ultra cloth, just wash it in warm water with detergent, rinse and air dry.

Available in 10x15 cm & 15x18 cm, straight edges rounded corners.

^{*} Only available in 15x18 cm

ANTIMICROBIAL

Composed of 70% polyester and 30% nylon with antimicrobial technology built-in during the manufacturing process. Highly advanced protection prevents bacteria / microbe build up without any special cleaning solutions. Fights the transfer of contaminants from surface to skin. Available in 15x18 cm, zigzag edges.

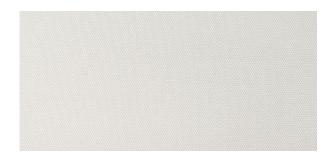

Plum	Olive	Orange	Violet	Apricot
Maroon	Black	Green	Light Blue	Periwink
Charcoal	Bottle Green	Pink	Navy Blue	Red

SHAMMY

Composed of a shammy material (70% polyester, 30% polyamide), this cloth has excellent absorbency for streak free cleaning. Available in 15x18 cm or 30x30 cm (grey only), straight edges rounded corners.

WEAVE

Economical option for high volume and basic eyeglass cleaning needs. Available in 15x15 cm, zigzag edges.

Grey

ULTRA DIGITAL - FASHION

The classic Ultra-Solid cloth, with digitally printed patterns. Available in 10x15 cm & 15x18 cm, straight edges rounded corners. Custom logoing available.

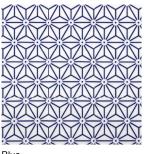

ic Illusion

Tie Dye

ULTRA DIGITAL - DOME

FEATURES AND BENEFITS

- Polarized lenses
- Shade Control clips are designed to ensure that the polarized horizontal axis is never compromised.
- Stainless steel patented construction
- Functioning rim locks

• All sun lenses filter 100% of ultraviolet light up to 400 nm and meet or exceed all local and international standards pertaining to optical clarity, durability, and safety, including but not limited to ANSI Z80.3:2008, EN1836:2005, and AS/NZS 1067:2003.

SELECTING A SIZE:

- Use the size guide provided on the following pages. All outlines are actual size for accurate sizing.
- Lay your glasses face down onto the outlines of the clip-on sunglasses and select whichever size is the closest match.

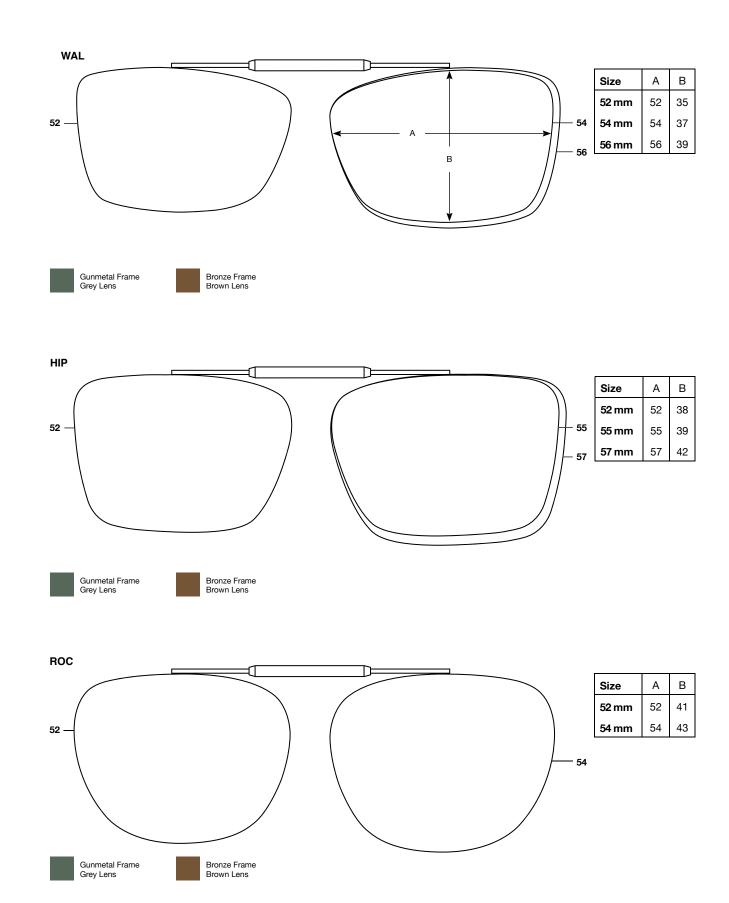

HOW THE CLIP-ONS ATTACH TO YOUR GLASSES:

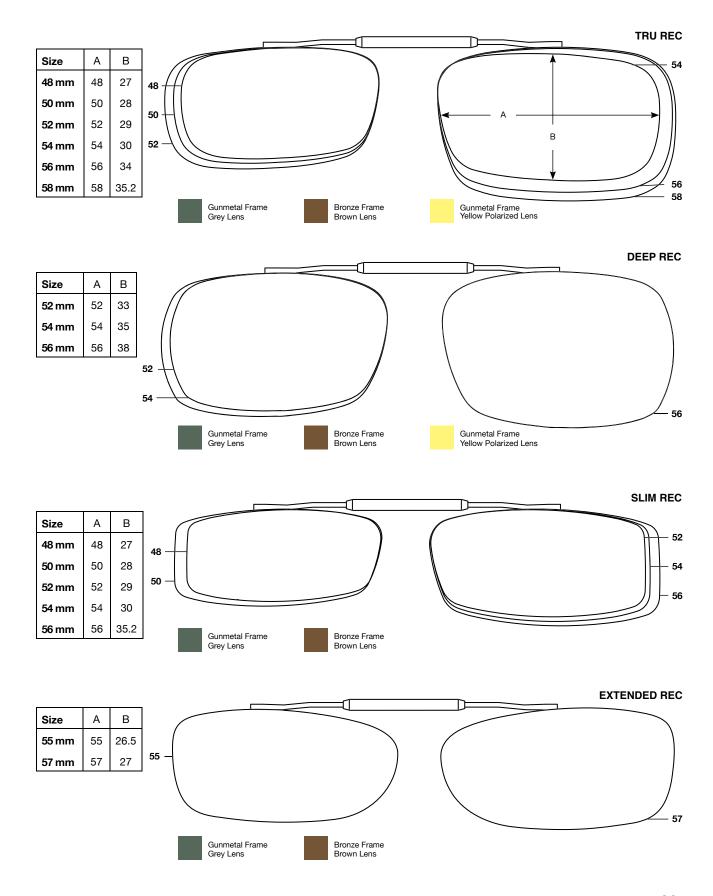

- This type of clip-on sunglass is held in place by the tension from the spring-bridge and four small, plastic coated clips, two on either side of each lens.
- The clips will fit over glasses with metal, plastic or rimless frames up to 5 mm thick at the edges.

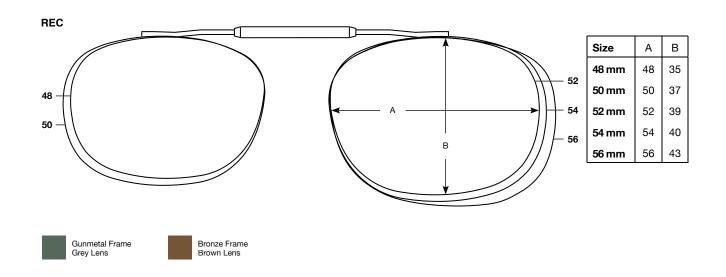

VISIONARIES ORGANIZER

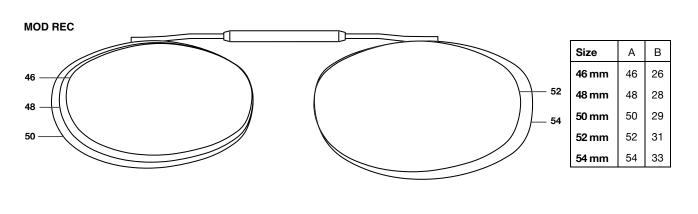

Keeps your clip-ons organized to maximize your sales. Holds 42 pieces. Complimentary with the purchase of any 42 Visionary clip-ons.

Protekt Crossover Progear Eyeguard Swim & Dive Safety Eyewear

PROTEKT™ SPORT SAFETY **WCROSSOVER**

PROTEKT™ CROSSOVER

Sports protection and everyday eyewear in one. Rx-able sport safety frame that can be worn as an everyday pair of glasses. Durable TR90 frame with polycarbonate lenses featuring a special macro-molecular honeycomb structure for superior clarity, hard coated for impact resistance. ASTM F803 compliant. Removable elastic strap with rubber pads. Includes a microfiber case/cleaning cloth. Replacement parts available.

CROSSOVER SMALL 52-17-120

TR90 frame with 2.7 mm polycarbonate lenses.

CROSSOVER MEDIUM 54-17-120

TR90 frame with 2.7 mm polycarbonate lenses.

Copyright © 2020 Accessory Source Ltd.

CROSSOVER LARGE 56-16-120

TR90 frame with 2.7 mm polycarbonate lenses.

PROGEAR EYEGUARD

The first Rx-able safety sports frame that passes all three international safety standards: ASTM F803 (USA), EN166 (Europe) and JIS T8147 (Japan). All Progear® products include a case and microfiber cleaning cloth with a one year warranty against manufacturer's defects.

FEATURES AND BENEFITS

- V-shaped groove (1.6 mm high towards the inside) for lens safety in the event of impact.
- Solid polycarbonate frame for increased impact protection.
- Hypo-allergenic, expanded thermoplastic rubber (TPR) nose pad for additional protection.
- Removable and adjustable neoprene band with washable Velcro fastener.
- Anti-slip TPR temple pad.
- Rimlock barrel and screws made of high quality stainless steel to prevent corrosion with a built-in lockable spacer make Rx glazing easy.
- Detachable front shock damper and inner safety side-cushion to absorb impacts.
- High viscosity polycarbonate lens with 3 mm center thickness, plano anti-fog, scratch-resistant hard coating and UV protection.
- Replacement parts available.

SOAP OR SPRAY **CLEANERS SHOULD**

> **NOT BE USED** ON SABLE

> > **LENSES**

Progear® H2O can accommodate a power range of +6.00 to -11.00, up to 3.00 cyl and works with any lens material, clear, tinted, anti-fog coated, etc.. Progear® H2O has a patented lens glazing structure that uses conventional V-bevel lenses and is water-sealed with a rubber "O-ring".

Available in two models, standard and large, both manufactured with hypo-allergenic, latex-free, silicone eye-seals and straps. All models come in three frame colours (smoke, indigo and violet). Three bridge sizes are included for a perfect fit, along with a soft neoprene pouch for easy storage

FEATURES AND BENEFITS

- Accommodates a power range of +6.00 to -11.00.
- Completely water tight for leakage prevention.
- Hypo-allergenic & latex free.
- Multiple bridge sizes included for optimum PD adjustment.
- Soft neoprene pouch for convenient storage.
- Replacement parts available.

CUSTOM RX SWIM GOGGLE

PLEASE NOTE THIS PRODUCT DOES NOT COME WITH LENSES. A FORMER IS PROVIDED FOR EDGING.

SWIM GOGGLE HSV-1301

Standard cup size

SWIM GOGGLE HSV-1302

Large cup size

Recognized by pro and elite triathletes and competitive swimmers for their precise optics, comfort and safety, Sable Swim Goggles are the best choice for the individual professional athlete or for recreational swimmers.

Sable Swim Goggles are available in prescription (advanced, thin-lens aspheric technology for prescriptions -1.50 to -10.00.) and non-prescription styles. Flat lens technology offers spectacular sighting in open water with an anti-fog guarantee.

FEATURES AND BENEFITS

- Unchanged vision above or underwater. Contact surface with water is absolutely flat. Non-distortion, high precision lenses. Refraction minimized to within 0.125 D.
- Conforms to pupil distance of most near-sighted people. Oval lens. Focal point is offset 4 mm to give a wider field of view. Small, medium or large size bridge available. Small fits PD 61 mm, medium fits 64 mm, large fits 67 mm. 3 mm tolerance creates effective PD range of 58 mm to 70 mm.
- One-touch buckle design. Goggle can be removed without hair tangling.
- 100% silicone gasket and head strap are non-toxic, and non-allergenic. Flexibility of parts extends product life and silicone material provides a superior seal.
- Polycarbonate optical lens is virtually unbreakable with a high gloss, hard coating with UV protection.
- · Replacement parts available.

SABLE SWIM GOGGLE

Available with black or clear strap option. Separate eye cups are available to match different powered prescriptions. Note: If swim goggles are custom made per customer's request, they will be non-returnable.

-1.50 to -6.50 in half diopters, -7.00 to -10.00 in full diopters

DIVE MASK

Lightweight dive mask with an exceptional field of vision for both snorkeling and diving. Comes equipped with glass lenses. Available in both plano and Rx. Rx model is non-returnable after Rx insertion.

-1.50 to -6.50 in half diopters, -7.00 to -10.00 in full diopters

CHAIN NOSE PLIER

Perfect for general bracing, 9mm jaws tapering to 1 mm.

FLAT NOSE PLIER

Allows adjustments to thin metal endpieces, 4 mm jaws.

SLIM PAD ADJUSTING PLIER

Designed to adjust nosepads without damaging lenses or frames, round notch.

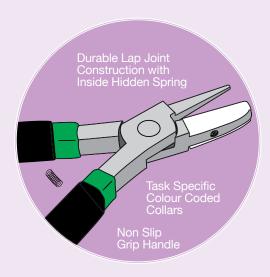

NOSE PAD ADJUSTING PLIER

Designed to adjust nosepads without damaging lenses or frames, rectangular notch.

ERGONOMIC HAND TOOLS

Our new line of stainless steel ergonomic hand tools, designed for maximum comfort and durability.

SIDE CUTTER TC

Tungsten carbide side cutter cuts titanium up to 1.4 mm, stainless steel, and nickel materials.

END CUTTER TC

Tungsten carbide end cutter cuts titanium up to 1.5 mm, stainless steel, and nickel materials; hard screws & temples up to 1.5 mm.

NYLON JAW FLAT/ROUND PLIER

Plier for shaping eyewires, endpieces and round shape adjustments. Round metal / flat nylon jaw.

DOUBLE NYLON PLIER

Multi purpose double nylon plier for bridge, endpiece and temple adjustment.

RIMLESS ASSEMBLY PLIER

Rimless pliers to use for all types of compression sleeves.

1 YEAR WARRANTY

LENS AXIS ALIGNING PLIER

Pliers for precise adjustments to lenses axis. Soft rubber allows for perfect grip on the lenses.

EYEWIRE SHAPING PLIER

Pliers for reshaping eye wire to conform with the curvature of the lens.

ERGONOMIC HAND TOOLS STAND

Complimentary tool stand with the purchase of 7 Ergo tools.

NYLON ADJUSTING PLIER ROUND / SQUARE •• 8 mm nylon pad jaw, 2 mm round nose tip. Used on semi-rimless cord suspension. Round or square jaw

DOUBLE NYLON PLIER ••

10 mm wide jaws

All purpose plier for holding and shaping. Smooth jaw and radius-tapered edges.

PEENING PLIER •

Flattens the end points of the socket rivet against the lens to ensure secure fit.

Precision aligning pliers for consistent bending.

SLIMLINE NOSE PAD ADJUSTING PLIER ••

Hollow side of plier fits around pad receiver on the opposite side. Holds pad and arm firmly.

PAD ADJUSTING PLIER ••

Hollow side of plier fits around pad receiver on the opposite side. Holds pad and arm firmly.

EYEWIRE SIZING PLIER ••

Tips tapered to very fine points, offset to the side and front of plier jaw. Will access all types of eye wire hinge barrels.

DOUBLE NYLON JAW EYEWIRE SHAPER ••

Adjusts the curvature of the eyewire to the appropriate curvature of the lens. Available in 2 widths: 18 mm or 23 mm.

LENS AXIS ALIGNING PLIER ••

23 mm long oval shaped self swiveling rubber pads.

RIMLESS FRAME ADJUSTING PLIER •

For temple, hinge, and bridge adjustments on four point rimless screw mounted frames. Screw slides into the slotted plier while the plastic cushion grips the nut.

RIMLESS DISASSEMBLY PLIER ••

For use with silhouette style mountings.

RIMLESS MOUNTING PLIER ••

For use with silhouette style mountings.

RIMLESS ADJUSTING PLIER ••

For use with silhouette style mountings.

RIMLESS CUTTING PLIER •

Cuts rimless screws close to lens surface without scratching. Dual leaf spring handles.

SIDE CUTTER ••

Carbide blades designed to effectively cut stainless steel or hard metal up to 2.1 mm diameter.

CARBIDE END CUTTING PLIER, DOUBLE LAP HINGE

Carbide blades (19 mm - angled 10°) designed to cut stainless steel and other hard metals up to 2.1 mm diameter.

MULTIPLIED FRONT END CUTTING PLIER •

Designed to effectively cut hard metals up to 2.1 mm diameter.

END CUTTING PLIER •

Designed to effectively cut hard metals up to 2.1 mm diameter.

DISPLAYS | FLOATING SHELVES

DISPLAYS | FLOATING SHELVES

Our newest display system featuring white powder coated aluminum shelves on wooden panels. The floating shelves simply hook into the slotted grid in your choice of wood or coloured veneer.

Floating shelf display system with shelves that can be assembled in many different configurations to create a stunning display. Choose from a selection of preset panel sizes and finishes or inquire with our customer service team for additional system components and other customizable options.

FLOATING SHELF

White powder coated aluminum 8" (w) x 3" (h) x 7.25" (d)

The patented FiXX™ Display System utilizes stainless steel and anodized aluminum components to create an updated and contemporary dispensary look. Frames are held by the patented Eyeglass Support Pod (ESP) which allows frames to be displayed in several different ways. This flexibility combined with various mounting options allow a dispensary to be re-created and refreshed at no additional cost.

316 Marine grade stainless steel rods for exceptional strength and durability allow two different mounting methods, wall or counter/valance mount. ESP display pods included with each display rod, 42" (12 pods) 48" (16 pods).

DUAL MOUNT ROD, 42" or 48"	SINGLE MOUNT ROD, 42" or 48"	WALL MOUNT, 2" Anodized aluminum finish
		WALL MOUNT, 7" Anodized aluminum finish
		TI TI
		COUNTER / VALANCE MOUNT, 2" Anodized aluminum finish

Typically, frame rods are anchored by two mounting points. Our wall mounts allow the rods to be mounted dually or by one center point. Mounting by one center point gives great flexibility in varying rod placement.

DISPLAYS | FIXX™ DISPLAY ROD SYSTEM

ESP DISPLAY PODS

ESP display pods are available in clear, grey, frosted or copper and allow for three different ways to display optical frames.

Option 1

Option 2

Option 3

Panel: 28" (w) x 48" (h), footprint: 24" (w) x 24" (d), height: 72" (h)

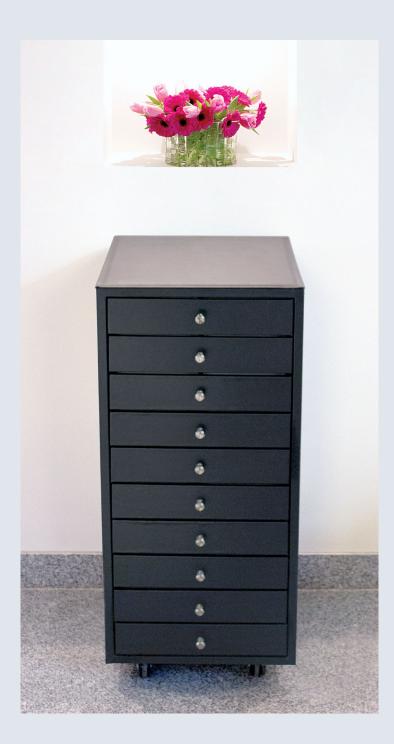

DISPLAYS | STORAGE SOLUTIONS

Organize your dispensary with our FIXXTM storage cabinets. Configured to optimize space and reduce clutter, these organizers are an ideal way to store extra frame stock, sunglasses or excess manufacturer's cases. Castors allow the units to be moved to a secure location if required. Drawers pull out completely to act as a display case.

ROLLING STORAGE CABINET

Faux black leather finish, padded top. 10 drawers -100 spots for sunglass frames. 14 drawers -168 spots for ophthalmic frames. 15" (w) x 34.5" (h) x 15" (d) Present patients' new eyewear in these elegant FIXX™ presentation trays. Use these stylish boxes to send home with your customers viewing multiple frames or as a retail item. Perfect as a gift for anyone travelling with multiple pairs of glasses. Custom logoing available.

FRAME STORAGE AND OVERNIGHT BOX

Faux leather finish, holds 4 frames. 6.25" (w) x 2" (h) x 9" (d)

FRAME "SAFE"

Faux leather finish, features strong magnetic closure and sturdy construction. Easily accepts today's larger frame styles. 6.875" (w) x 1.625" (h) x 4" (d)

PRESENTATION TRAY

Faux leather finish 6.25" (w) x 2" (h) x 9" (d)

DISPLAYS | MIRRORS

Add style to your dispensary with our beveled counter and wall-mount mirrors with a polished chrome finish. Counter mirrors feature weighted and padded bases for extra stability, while the wall-mount mirrors come equipped with a tilting rod to keep fingerprints off the glass. Choose from a traditional oval shape or an inverted trapezoid shape which is perfect to frame a face for eyeglass dispensing.
