

BAHAR

PERSIAN CUISINE

*It is He who sends down
rain from the skies.
With it we produce vegetation
of all kinds.*

*Out of which we produce grain,
heaped up at harvest;
out of the date-palm and it's
sheaths come clusters of dates
hanging low and near.*

*And then there are gardens of
grape sand olives, and
pomegranates, each similar in
kind yet
different in variety.*

*When they begin to bear fruit,
feast your eye with the fruit and
the ripeness thereof.*

*Behold! In these things there are
Signs for people who believe.*
