All proceeds benefit the Bright Horizons Foundation for Children®, a 501(c)(3) non-profit organization focused on brightening the lives of children and families in crisis. Through Bright Spaces®, the Bright Horizons Foundation for Children partners with agencies across the country to create and support warm, safe, enriching spaces for children of all ages to build caring relationships, heal from trauma through play, and experience the joy of childhood.

Bright Spaces are not only wonderful rooms for children to play, but they also create a place for children where they can connect with other children, their family, and supportive adults who can provide needed services. Having a place for families to relax together helps them to build important bonds that strengthen the family during this difficult time. In an atmosphere of safety and trust, children and adults are able to make better decisions, regulate their emotions, and provide important emotional support to each other.
