

SEPTEMBER 2019

Yellow Room

Ms. Karla & Ms. Kim

back to school

Another new school year is beginning! We are excited to get to know all the new friends who've joined our yellow room better. This month in the yellow room we will be talking about back to school, the 5 senses, and the start of a new season-fall!

Our first week we will talk about going back to school & all the fun things that come with it, like painting a school bus and playing a matching game. We will also be talking about apples, and all the different colors that apples come in, the kiddos will get a chance to make some apple prints for art and spell their names using apple letters!

The second week in September we will be talking all about our 5 senses! The children will be identifying textures of different objects, playing a "guess that sound" game, creating stress balls in art, using jell-o powder and glue to make scented art, and using sticky notes with labels to identify different parts of the body.

The third week in September the children will be continuing to learn more about themselves, and their school and friends in the class, they will get an opportunity to bring in one of their favorite toys/books and show it to their friends and tell them why they love that item. They will be mak-

ing friendship bracelets for each other, and creating some friendship trees out of their handprints. They will also get to play a picture game to see if they know the name of every friend in the class!

Our last week in September we will be talking all about fall, the kiddos will explore pumpkin guts in the sensory table and they will be playing fall themed bingo. They will also try to identify different numbers on pumpkin pie so that they add that number of whipped cream scoops onto that piece of pie! They will also be making some leaf patterns.
