About Me

Creative and skilled concept artist/illustrator that is highly adaptable and flexible with a variety of styles. Always seeking to solve problems and provide solutions to any obstacles at hand. A team player who works together with the group instead of against them, pulling my own weight whenever necessary. Always constantly honing my craft, learning more each day.

Education

Bachelors of Science, ArtCenter College of Design- Pasadena CA

Bachelors of Arts, Academy of Art - San Francisco CA

Computer Science, Santa Monica College CA

Experience

Freelance commission based artist, self employed. (2014- Present)

Responsible for providing high quality artwork to client specifications, mostly used in DND games and personal projects. Involved in many IPs from Final Fantasy to original worlds drafted by the client.
