WORK EXPERIENCE

Teaching Assistant

ArtCenter College of Design - Pasadena, CA, USA (January-April, 2020)

- Aided with material preparations including printing handouts and writing class notes as well as class demonstrations for students
- Connected with Students on Discord to help answer questions and clarification to support student learning in figure drawing on human anatomy, project deadlines, and submission instructions as the class transitioned online.
- Assisted students on developing professional skills such as punctuality, materials, and classroom etiquette to new students.

Freelance

Personal commission for a member of the Shanghai Dragons (June 2019)

- Communicated by connecting on Wechat to make any adjustments to the project such as changing the design of certain characters or adding specific props to the background painting
- Created a style to the commissioner's want through research and drawing different graphic styles using various color palettes and textures
- Adapted to changes when the commissioner wanted the collection of drawings to be printed on film roll by changing formats and shape legibility

Art Teacher

CALC Learning Center - Temple City , CA, USA (June, 2018-August, 2018)

- Taught two classes (elementary and middle school) once a week by demonstrating with markers on the white board and helping students one on one by answering any questions that they had in class
- Prepared handouts and drawing mediums such as ink, acrylic, and graphite to each lectures' need
- Came up with lesson plans for the entire summer school's art program by researching and adjusting to different classes' proficiency in drawing skills
