June at a Glance

Hello Green Room Families,

We can't believe it's already June! This month is filled with a lot of fun activities and also the start of Ms. Na joining us!

During the first week of June, we will be learning about Community Helpers! The kiddos will explore different occupations like Chef, Police Officer, and more. We will end the week by having the kiddos share what they want to be when they grow up.

During the second week, we will be talking about all the special Fathers in our lives! We will also be talking about fun outdoor activities like camping and fishing.

The third week will be all transportation! We will explore cars, trucks, trains, airplanes and boats. The kiddos will be able to create colorful train tracks using train cars and paint!

We will finish out the month discussing construction. We will explore the various parts of construction from bulldozers and excavators to the tools a construction workers uses!

Thanks,
Ms. Na and Ms. Algrae
