

## *Charging your FIN electronic cigarette*

STEP 1: Unscrew the battery from the atomizer and cartridge.

STEP 2: Screw the battery into the USB charger.

STEP 3: Insert the USB Charger into any USB Port or into the A/C Adapter. The LED on the battery will light up indicating it is charging.

STEP 4: The LED light on the battery will turn off when the battery is fully charged. At that time, unplug the USB charger, and then unscrew the battery from the USB charger.

STEP 5: Screw the battery back into the atomizer and cartridge and enjoy your FIN electronic cigarette.

A full charge takes approximately 2 hours. The battery will stay charged for approximately 3 months while idle or for 300 puffs of normal use. For optimal performance and best results we recommend you replace your FIN rechargeable electronic cigarette every 3 months.
