

Blue Room November Newsletter!

Ms. Viviana & Ms. Aireanna

The month of November will be a fun and exciting time! The themes for the month will be **My Community**, Maps, Globes and Travel, and **Thanksgiving**!

The first week of November we will be learning about **My Community**. We will be talking about Museums, Libraries, Hospitals, the Post Office, and Train Stations! Kiddos will be making their own doctor kit using cotton balls, band-aids, and stethoscope cut outs! They will also be designing their own mailboxes and trains using construction paper and jewels.

The second week we will be discussing **Maps, Globes, and Travel**! With Thanksgiving break coming up and vacations approaching, talking about visiting other places should be a fun and exciting topic for the kiddos to share. Children will be designing their very own airplanes as well as their own maps. They will learn how compasses work and how a globe can show us different parts of the world!

The third and last week of November will be combined to discuss **Thanksgiving**! Kiddos will be making silly turkeys at the art table, talking about special family traditions during Thanksgiving, mentioning special foods mommies, daddies, or grandparents make, and most importantly, having conversations of what we are all thankful for!
