LOS ANGELES (January 28, 2010) — The Los Angeles Philharmonic Association today announces the Hollywood Bowl summer 2010 subscription series for its 89th season at the historic venue. The Hollywood Bowl – named “Best Major Outdoor Concert Venue” by *Pollstar* magazine for the sixth straight year – is one of the most renowned summer cultural venues in the United States and has been the summer home of the Los Angeles Philharmonic since 1922.

The 2010 summer season spans 14 weeks, from June to September. Highlights include the return of Gustavo Dudamel in his first Bowl subscription concerts as Music Director; presentations of classical music by the Los Angeles Philharmonic with conductors Bramwell Tovey, Leonard Slatkin, Lionel Bringuier and more; popular weekend shows with the LA Phil and the Hollywood Bowl Orchestra; *Jazz at the Bowl* concerts including Herbie Hancock’s 70th Birthday Celebration; *KCRW’s World Festival* series with Baaba Maal and The Chemical Brothers among others; plus many more artists confirmed for each series throughout the season. The Hollywood Bowl’s pop, rock and special presentations bring back annual favorites including the Sing-A-Long *Sound of Music*; *The Big Picture*, which this season celebrates the legacy of Twentieth Century Fox; the July 4th Fireworks Spectacular, with special guest Vince Gill; and Opening Night, which honors the newest Hollywood Bowl Hall of Fame inductees.

Subscriptions for the Hollywood Bowl 2010 summer season are available starting today. The Hollywood Bowl box office opens for single ticket sales on Sunday, May 2, 2010.

“This summer Gustavo Dudamel returns to the Hollywood Bowl— the place where he made his stunning U.S. debut and led the now legendary *Bienvenido Gustavo* community concert in his first official act as our Music Director. It is particularly special that in another ‘first’ he leads the LA Phil in a concert performance of Bizet’s *Carmen*, his first opera in this country. His presence will be expanded as well when he directs two other programs featuring music from the Americas and Europe. We also welcome the return of our close friends, conductors Bramwell Tovey and Thomas Wilkins, leading the LA Phil and Hollywood Bowl Orchestra,” said Los Angeles Philharmonic Association President and CEO Deborah Borda.

EDMUND D. EDELMAN HOLLYWOOD BOWL MUSEUM

The Edmund D. Edelman Hollywood Bowl Museum, located on the grounds of the 88-acre county park, provides a living history of the world-famous venue through a permanent multimedia presentation with themed exhibits updated each season.

Continuing at the Hollywood Bowl Museum this summer is a highly interactive exhibition called *SOUNDSCAPE – Hearing Music at the Hollywood Bowl*. How can you “see” a sound wave? When you are sitting somewhere in the middle or the top of the Bowl, why is there a delay between the sight of the conductor’s baton coming down and what you actually hear? How did people hear the music at the Bowl before microphones and speakers were used? Using hands-on devices developed by the Exploratorium in San Francisco, you will answer these questions for yourself.

- You can talk or sing into the Sound Spectrogram and see a moving picture of your voice.
- You can talk into an Echo Tube swooping 100 feet around the museum.
- You can play the Oscylinder Scope, which explores the nature of sound by directly translating the vibration pattern of musical strings into visible waves.
- You can manipulate sound waves with Visible Effects of the Invisible, where a speaker causes fluid in a tube to vibrate, creating geysers that respond to resonant frequency.
- You can place yourself anywhere in the Hollywood Bowl in a computer simulation demonstrating Speed of Sound.
- You can play the Musical Wall, understanding how strings, winds, and percussion work.

The first floor of the Museum presents *Hollywood Bowl: Music For Everyone*. Taking its cue from the Bowl’s slogan from the 1950s, “Music For Everyone,” this ongoing exhibit traces the history of symphonic music, opera, jazz, rock, pop, world music, and dance at the Bowl through sounds and images.

The Museum is located on the grounds of the Hollywood Bowl on Peppertree Lane. Admission is free. Summer hours (June 18 - September 25): Tuesday - Saturday, 10 a.m. to concert start-time, and Sundays, 4 p.m. to concert start-time. Off-season hours: Tuesday - Friday, 10 a.m. to 5 p.m.; Saturdays by appointment. Closed Sundays, Thanksgiving Day, and December 25 – January 1. For more information, call the Edmund D. Edelman Hollywood Bowl Museum at 323.850.2058.

THE BOWL WALK

Developed as part of the renovations in the 2004 Hollywood Bowl Shell Project, The Bowl Walk is a 10-station exhibit around the grounds of the Hollywood Bowl, a Los Angeles County Park, which beckons visitors to view the venue outside and around the theater. The exhibit features visual displays throughout the park, presenting information on the cultural events, history and architecture of the legendary natural amphitheater. The Walk begins at the entrance of the Bowl (on Peppertree Lane) and concludes inside the theater on the Fourth Promenade at the top of the hill.

Ten photographic displays along the pedestrian walkways guide visitors through the park: *The Muse of Music, Peppertree Lane, Pop & Rock at the Hollywood Bowl, Great Performances, The Shell, The Amphitheater, The Cahuenga Pass Treasure, Flora & Fauna of the Hollywood Bowl, Picnics & Fireworks, and The View from the Fourth Prom.* An accessible sign fixed in the plaza area, near the Box Office and Bowl Store, includes Walk information for patrons with disabilities. The exhibit design is by Hodgetts & Fung.
